## A RECENT SUCCESS

During a recent family trip to Australia, Michelle gave her sick mom Immuno Compound, Avena Ferrous and Olive Q Oil as recommended by our team of doctors. When nobody thought she would get out of her bed Michelle's mom improved in her speech, started to eat her meals, and started laughing with the doctors. The Nurses in her 24 hour care facility could not believe how well her mom responded to the remedies.

## GET A HEAD START TO BETTER HEALTH

Start your day with a remedy that will neutralize your toxins and improve your immunity. Apis Mel will reduce inflammation and improve one's health throughout the day.

### What is the purpose of using the HRC Dynamic Water with the remedies?

Purified dynamic water is used as a carrier of the remedy to transfer the active ingredients to the site of the target organ. The gentle transfer of the dynamic remedy will activate the physiological pathways to be stimulated to regenerate the tissues.

### Q: How do I know which remedies will work for my problem?

A: To understand the remedies that will work for your health, you need to come and meet the homeopathic doctors on a regular basis. He will evaluate your state and provide you the right set of remedies to improve your health.

### Q: Can I combine Homeopathic Remedies with Prescription Drugs?

A: Yes, it depends on the drug and the condition of the patient. In general, homeopathic remedies are working at bio-energetic levels compared to the bio-chemical levels of the drugs. Remedies work at improving the function of the cellular pathways and 'fine-tuning' your physiological organ action. Drugs are working at stimulating and/or inhibiting cellular pathways by either attacking the disease organism or killing the body's own cells that have gone awry (eg, cancer cells).

of prayer. Speak something positive, ie. 'This is the day that the LORD has made, I will rejoice and be glad in it.' Maybe, some of you might stretch your hands, or others might take a couple of deep breaths---“in” and “out”. Take a minute, be still and let your body reset for the day. Read a devotion, eat a fruit, drink a glass of water and sing a song before you start the day. This will create an atmosphere to renew your mind. So, Be Positive, and dynamize yourself to be the real You!
